EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

REPLACE THE TITLE WITH:

"METHOD OF FORMING FILAMENT FOR ELECTRON BEAM EMITTER"

Allowable Subject Matter

Claims 1-28 are allowable.

The following is an examiner's statement of reasons for allowance: upon conclusion of a comprehensive search of the pertinent prior art, the Examiner concludes that the claims are allowable. Patentability resides at least in part with the recitation of providing a filament having a diameter of 0.020 inches or less and varying the cross section of the filament along the length. Orthuber US Patent 3772560 and Leung et al US Patent 4760306 deemed the closest prior art, teaches providing generally round filaments with different non uniform cross sections. Leung et al teaches a flat tapered filament. The cited references are silent with respect to teaching filaments having a major diameter of

0.020 inches or less. Nowhere in the prior art is there a combination disclosing all the teachings as claimed by the Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dameon E Levi whose telephone number is (571) 272-2105. The examiner can normally be reached on Mon.-Fri. (9:00 - 5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David S Martin can be reached on (571) 272-2107. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
